

INCREASED FARE REQUEST FILED

Street Railway Company
Puts Its Case Before
State Commission

O. U. R. FOLLOWS SUIT

Interurban Rates Are Not to
Be Affected if the Request
Is Granted

With the Tulsa Street Railway's request in the hands of the state corporation commission, with the Oklahoma Union Railway company ready to file its application for an increase, and in view of recent decision of the corporation commission allowing increased street car fares in both Oklahoma City and Muskogee, it is probable that in the next few weeks Tulsa will ride in street cars while paying a 7-cent cash fare, or 6 to 7 cents if they purchase tickets in advance.

The Tulsa Street Railway company's request reached the commission the first of the week. Ten days must elapse, according to a ruling of the commission, before the petition can be heard. Due to the illness of its attorneys, the Oklahoma Union's petition is only partially completed, but, according to officials, it will be sent to Oklahoma City within the next few days. This request, it is understood, does not apply to the company's interurban between Tulsa and Sapulpa.

Whether the increased fare if granted to the Tulsa Street Railway company, will result in a number of improvements and extensions, was not stated by General Manager Morris McInerney yesterday. He said there are a number of projects that should be carried out but did not know whether the increased fare would be sufficient to justify them before spring.

Directors of the chamber of commerce, before whom McGrath appeared recently to solicit support for the petition, were somewhat skeptical as a body, but individuals said they believed the increase is justifiable considering the increased cost of material and labor and the low purchasing power of a nickel. However, there was apparent a current of feeling that if the increase is granted, certain improvements will be asked of the street car company immediately. Principal among these is the double tracking of the Kendall line entirely.

FAULTY SUMMONS HALTS GRAND JURY

Witness Summons Used to
Call Jurors Caused
Postponement

Failure of a deputy clerk in the district court to properly serve summons for the calling of the 24 men from which body the grand jury was to have been selected Monday morning, invalidated the entire procedure, and after the prospective jurors had been excused Judge Owen ordered that a new panel be drawn, with order to report to that court September 23. Witnesses called for 10 o'clock Monday morning, were notified to return to court without fail at 10 o'clock on the morning of September 23.

After determining that an error had been made in calling the jury-men, because of the fact that the 24 men were summoned as witnesses and not as jurors, Judge Owen, in the following language, severely criticized the deputy clerk who made the error:

By the court: I had intended to empanel a grand jury and you gentlemen were drawn as grand jurors, but by reason of the absolute idiotic incompetency of one of the deputy clerks of this court you have been brought here as witnesses. I cannot empanel a grand jury from witnesses and you need not attend further. There will be no grand jury empaneled today. The idioty of a deputy clerk stands between the court and its ordinary orderly process.

C. W. King, assistant state attorney general, who is in this city for the purpose of conducting the investigation of the grand jury, left for his home in Oklahoma City but will return within a few days and resume the investigation of the charges of failure of Sheriff James Woolley to faithfully perform his duties in the matter of guarding prisoners, and the lynching in this city on August 24 or 25 of Roy Belton, for the alleged murder of Homer Nida, a taxi-cab driver.

WILL ATTEND CONVENTION.

Commissioner Younkman Leaves
Next Week for New Orleans.

C. M. Younkman, water commissioner, expects to leave the latter part of this week for New Orleans to attend the annual convention of waterworks engineers. This organization, one of the most important in the United States in point of efficiency and service, met in Tulsa two years ago last spring. Mr. Younkman will probably extend an invitation for the members to choose Tulsa as their meeting place for 1921.

Three chevron shaped suits feature a new rubber heel for shoes that is claimed to prevent a foot slipping on the moist of paven.

International contests of tractors and other self contained agricultural machinery will be held in Egypt in January and March.

There is still room in Henry Kendall college for day pupils, both in high school and college. The boarding department is taxed to its limit.—Adv.

HOME GRUB ON WEDNESDAY

Jail Roomers Must Wait Another
Day—Groceries Bought.

City prisoners will not be given the privilege of eating home-prepared grub at their own tables until Wednesday, Police Commissioner J. M. Addison said Monday. It had been planned to open the municipal kitchen in the rear of the police station Sunday but a delay made necessary a postponement until Wednesday.

The police commissioner was busy Monday purchasing groceries and necessary materials for the preparation of meals at the newly established kitchen. The kitchen idea has been greeted with favor by prisoners, who desire they want a change from restaurant prepared grub to the home-cooked variety.

GIVE LESSONS IN FIRE PREVENTION

City Officials Are Plan-
ning Observance of
Holiday

In accordance with the recent proclamation issued by the president of the United States, Tulsa city officials are planning for a proper observance of October 9—fire prevention day throughout the nation, in order to bring home to Tulsa the great lesson wrought by fires every year.

The annual toll of lives in America by fire each year is approximately 15,000, while the property loss in buildings, foodstuffs and other created resources is \$250,000,000.

"Tulsa pays tribute to fire every year," J. M. Addison, commissioner of police and fire, said yesterday, in discussing fire prevention day. "Too many people have conceived the idea that the other fellow is the one who will suffer from fire—that it is the other fellow who doesn't take precautions. But no one is immune."

MERCHANTS TO MEET

Several Important Matters Will Be
Discussed by Merchants Association
Tuesday Night.

The board of directors of the Tulsa Merchants association will hold its regular monthly meeting Tuesday night, starting with a dinner at the Y. M. C. A., followed by adjournment to the municipal auditorium for the business session.

One matter to be discussed is that of some shippers to do their Christmas shopping early. This movement will probably be started early this year because of the unprecedented rush last year and in-creased that unless steps are taken to prevent it, there will be a recurrence of the rush this season.

P. H. Casabee, who represented the association on the trip to the state fair at Lee, Mo., is to give a report of the fair and his impressions. An attendance of 100 per cent at tonight's meeting is solicited by R. E. Hutchinson, president of the association.

The association now has 325 members. As this membership is responsible for the board of directors, and as directors are responsible for the conduct of the organization, a full attendance of the board is desired by the officers.

The meeting begins at 6.30 o'clock.

Old Trader's Dope

SOME LIKE OLD TRADER'S
DOPE AND SOME DON'T.

REALLY OLD DAD does not care whether you like it or not just so you read it. The subject of this DOPE is to SHOW that the DEVIL has GREAT POWER ON EARTH and that no one is safe from him so long as he lives. OLD DAD BELIEVES IN THE BIBLE in the way that OUR GREAT PRINCE OF PEACE TAUGHT it WHILE ON EARTH; but he says that the DEVIL HAS GOT CONTROL OF OUR FASHIONABLE CHURCHES and is FORCING OUR PREACHERS TO TWIST THE SCRIPTURES OF OUR SAVIOR SO AS TO LET THE RICH GRAFTERS SIT IN THE AMEN CORNERS, when well they know that CHRIST said that it was EASIER for a CAMEL to go THROUGH the EYE of a NEEDLE than for a RICH MAN to ENTER INTO HEAVEN.

THE DEVIL WAS UN-CHAINED IN GERMANY IN 1914 and given full FREEDOM of the whole world. He has ever since then been walking up and down the earth like a ROARING LION seeking whom he may devour. He is no RESPECTER OF PLACES or PERSONS but he has brought DISCONTENT and HELL on the WHOLE EARTH. THE DEVIL is a GAME OLD KID and al-ways had PLENTY of NERVE. HE ONCE PROMISED OUR SAVIOR the WHOLE EARTH IF HE WOULD ONLY WORSHIP HIM. Then later on after our Savior had chosen twelve of the best men he could find to be his disciples, the devil came in and persuaded his cashier to betray his Lord. Our Trader thinks that this old kid got into the white house of the U. S. A. That sent our sons away that sleep in France today. Why respect the law when politicians use the law for graft? Hank all the hi-jackers and murders of Belton's class and make Tulsa a safe place to live in.

MOTHER TRADER and GER-TRUDE went to market early and got PUFFED UP by the TALK of WISE SALESMEN. They bought TOO many ALL LEATHER STAR BRAND SHOES, TOO many of men's work CLOTHING, TOO much staple DRY GOODS, IN FACT they bought TOO MUCH of EVERY-THING that is usually kept in a first-class, UP-TO-DATE DRY GOODS and SHOE STORE and now they are WHINING and BEGGING OLD DAD to HELP THEM PAY THEIR BILLS. BUT OLD DAD says NO! I TOLD YOU NOT TO DO IT! For a "BALL NEVER GOES SO HIGH that it does not come back to earth again." He says sell your GOODS for LESS and get the money and pay your OWN BILLS and then you will be more WISE the next time you go to market.
